If you are unsure of any of the below directions and or your ability to correctly and securely install this product, please contact us or your local dealer for help.

Below diagrams show typical installation. your vehicle may be different so please use diagrams as a guide. Make sure your vehicle is clean and free from dirt, road grime etc. where the this product mounts. It is the riders responsibility to make sure the product is mounted and secure before each use. Loading the bag may result in a change of position, always check for proper mounting position after loading and before each and every ride.

This Hydration bag is designed to be universal mount, so method of installation may vary depending on your vehicle. Fill the hydration bladder with water, ice or favorite beverage prior to mounting in vehicle.

Hold the Hydration bag up to a cross bar of the roll cage and wrap the self-fastening strap around the bar, pull tight and press straps together.

Next using the supplied loop straps, pass loop end around a secure part of the vehicle passing the buckle through the loop and pull tight. Repeat with 2nd strap. Connect male buckle to hydration bag.

To remove, simply detach the 2 lower strap buckles and pull apart the upper self-fastening straps.

Always clean the bladder after every use before refilling.
